RING SIZE GUIDE

The perfect fit, from the first try.

STEP 1 CHECK YOUR PRINT SCALE

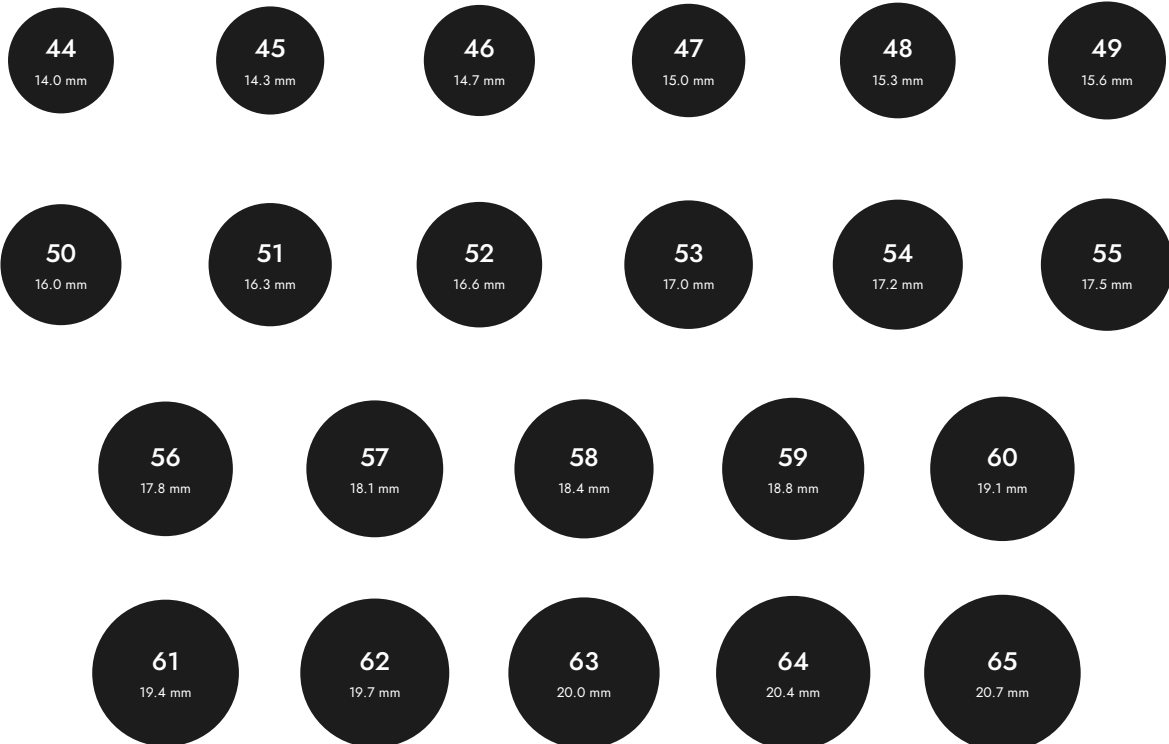

Print this page at 100%, with page scaling set to “None”. Then measure the bar below with a ruler: it must be exactly 30 mm long.

STEP 2 FIND YOUR SIZE

Choose a ring that fits the intended finger. Lay it over the circles and match its inside edge to the closest circle. The number inside is your size.

Our round rings (Alianco, Miro, Eterneco and our engagement ring bands) roll slightly on the finger: choose one size down. For all other rings, trust your usual size.
